Hi my name is Anthony Smith and I am a Census worker in Las Vegas and I am aware of the judges order to extension of the census count until Oct 31<sup>st</sup> I am interested getting the contact information of the plaintiffs in this case and letting the judge know that they have basically stopped enumerating households and did not enumerate the homeless population here in Nevada as we were told that since there is a law making homeless illegal then their cant be any homeless persons in the state but as I work with several nonprofits I can say there is thousands of homeless persons. I many enumerators have been getting only a handful of cases each day and days there zero cases, this has been going on for about 1-1/2 to 2 weeks now.

Thank you
